PROFILE

software engineer with 2 years of experience in developing robust and scalable applications. Passionate about leveraging technology to solve complex problems and improve user experiences. Committed to continuous learning and staying updated with the latest industry trends and best practices. Skilled in collaborating with cross-functional teams to deliver high-quality software solutions on time and within budget.

EXPERIENCE

Junior Engineer

Klipto inc | 2023 - 2024

- I played a pivotal role in contributing to the development and enhancement of the company's e-commerce platform.
- Collaborating closely with senior developers, My responsibilities included implementing new features, optimizing site performance, and ensuring cross-browser compatibility to deliver an exceptional user experience.

Frontend Engineer

Kshop Company. | 2022 - 2022

- I contributed to the development of innovative digital solutions while honing my skills in front-end development.
- Collaborating with a talented team, I leveraged my expertise to create engaging user interfaces and seamless user experiences.
- My time at Klipto provided valuable hands-on experience in building and optimizing web applications, further solidifying my passion for software engineering.

OPEN SOURCE

- I actively contribute to the GitHub community by resolving open GitHub issues and also participate in the ContributionGreeks organization.
- My involvement demonstrates my commitment to collaborating with fellow developers, addressing challenges, and fostering the growth of open-source projects.
